SECTIONAL VIEW OF COATED STEEL

Pre-painted galvanised steel (PPGI) is another type of metallic coated steel that is generally used for home appliances and building materials such as cold room, roofing, cladding, wall panel, ceiling-T and many others.

ABOUT US

With over 30 years of flat steel manufacturing experience, CSC Steel Sdn. Bhd. (CSC Malaysia, formerly known as Ornasteel Enterprise Corporation (M) Sdn. Bhd.) has become a reputable and renowned company – having market penetration in Malaysia's and international steel supply chains. CSC Steel Holdings Berhad (CHB, formerly known as Ornasteel Holdings Berhad) was listed on the Main Market of Bursa Malaysia in 2004 (CSCSTEL 5094).

CSC Malaysia is specialized in manufacturing pickled and oiled steel coils (PO), cold rolled steel coils (CR), galvanized steel coils (GI) and pre-painted steel coils (PPGI) for the building material industry, automotive industry, E&E industry and etc. Having built on the strength of the management experience and technological expertise of the parent company, China Steel Corporation of Taiwan, CSC Malaysia is committed to meeting all challenges to provide customers with high-quality products and value-added services.

Colour Chart
realcolor®

CSC STEEL

realcolor®

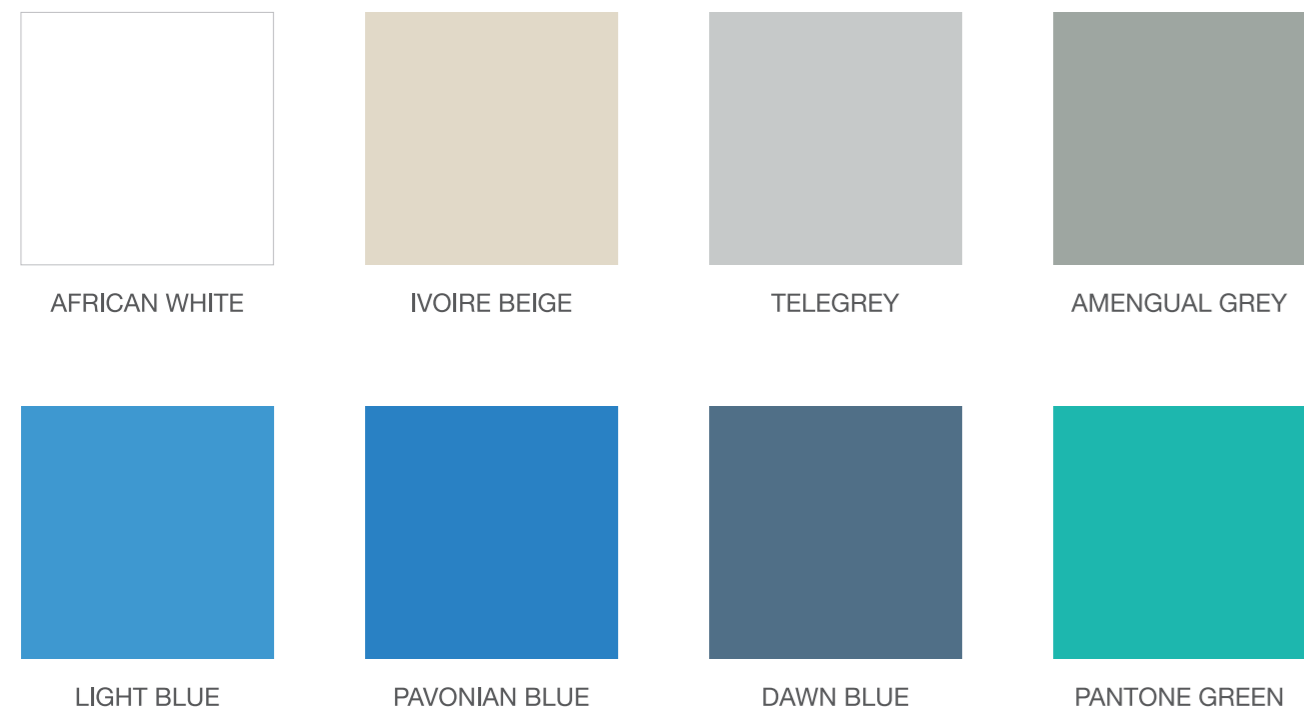

is pre-painted galvanised steel which can be utilised in a variety of structural and home appliance applications.

Supreme realcolor

ULTIMATE ROOFING & CLADDING SYSTEM
Our flagship system contains >70% Polyvinylidene Fluoride (PVdF) binder which offers a unique combination of excellent outdoor durability, UV protection, formability and chemical resistance.

PRE-PAINTED GALVANISED STEEL WITH PVDF

All regular colours shown in this colour chart are as close to the realcolor® Supreme colour. Please refer to our sales personnel for more information.

Thermoshield realcolor

OUR PATENTED COOL ROOF SYSTEM
is specially designed to reduce heat absorption, retain its glossiness and maintain its colour vibrancy.

PRE-PAINTED GALVANISED STEEL WITH SELF-CLEAN, COOL AND SUPER DURABLE FUNCTIONS

Note: Solar Reflectance Index (SRI) values shown in this colour chart are approximate figures only. All regular colours shown in this colour chart are as close to the realcolor® Thermoshield colour. Please refer to our sales personnel for more information.

Primero realcolor

OPTIMAL COLOUR SELECTIONS
for roofing and cladding applications with excellent surface hardness and flexibility.

PRE-PAINTED GALVANISED STEEL WITH HIGH PERFORMANCE POLYESTER (PE) COATING

All regular colours shown in this colour chart are as close to the realcolor® Primero colour. Please refer to our sales personnel for more information.

Geo realcolor

WHERE DURABILITY MEETS DESIGN
The warmth, distinct appeal and beauty of nature's wood finish with the durability and strength of steel.

PRE-PAINTED GALVANISED STEEL WITH UNIQUE WOOD GRAINED PATTERN

All regular colours shown in this colour chart are as close to the realcolor® Geo colour. Please refer to our sales personnel for more information.
