

Elevates Architectural Aspirations: Sponsoring the PAM Annual Architecture Student Works Exhibition 2023 (PASSWE)

In a vibrant display of creativity and architectural prowess, CSC Malaysia proudly sponsored the PAM Annual Architecture Student Works Exhibition 2023 (PASSWE), held from the 4th to the 8th of October 2023 at the 1 Utama Shopping Centre, Ground Floor Centre Court. This collaborative effort with our esteemed customer, Astino, marked a significant stride in promoting the artistry and educational journey of budding architects.

The theme "Dancing Tower" encapsulated the method of presenting the architecture students' works with cascading, layering, and dynamic forms. The event provided a platform for 20 architecture universities and institutions to physically exhibit their selected students' works. The exhibition booths became a canvas for the students to showcase their creative endeavors and share their innovative designs with the public.

As a sponsor, CSC Malaysia took pride in contributing to an event that showcased the remarkable talents of budding architects. The creative expressions and unique designs presented at PASSWE 2023 were a testament to the indomitable spirit of the architecture students and their unwavering commitment to their craft. The showcased designs, born from the dedicated efforts of aspiring architects, humbly reflected their talents and determination in the face of unprecedented obstacles.

In conclusion, PASSWE 2023 stands as a modest tribute to the enduring spirit of the architectural community, demonstrating its capacity to adapt, grow, and inspire even amidst trying circumstances.
